

# INTO A GOLFER'S SET OF CLUBS

## Fill-In Worksheet

### Step 1

Here is all the information you need to gather to fit a proposed hybrid or fairway metal into your set of clubs.

- List the two clubs that you want to fit a hybrid or fairway metal "in-between".  
SHORTER HITTING CLUB \_\_\_\_\_  
LONGER HITTING CLUB \_\_\_\_\_
- What is the yardage carry of both the shorter hitting club and the longer hitting club listed above?  
SHORTER HITTING CLUB \_\_\_\_\_ YDS.  
LONGER HITTING CLUB \_\_\_\_\_ YDS.
- What is the club length and the loft angle of the shorter hitting club only?  
CLUB LENGTH \_\_\_\_\_" LOFT ANGLE \_\_\_\_\_°
- What is the club length and the loft angle for the proposed "in-between" hybrid or fairway metal?  
CLUB LENGTH \_\_\_\_\_" LOFT ANGLE \_\_\_\_\_°

CLUBFITTER NOTES: \_\_\_\_\_

\_\_\_\_\_

### Step 4 Fill-in your new set make-up and yardage for reference

	CLUB CATEGORY & NUMBER	DISTANCE HIT	YARDAGE DIFFERENCE
CURRENT SHORTER HITTING CLUB	_____	_____ YDS.	> _____ YDS.
PROPOSED "IN-BETWEEN" CLUB	_____	_____ YDS.	> _____ YDS.
CURRENT LONGER HITTING CLUB	_____	_____ YDS.	> _____ YDS.

### Step 2

How to find the yardage needed for the proposed "in-between" club.

	CLUB CATEGORY & NUMBER	DISTANCE HIT	YARDAGE DIFFERENCE	1/2 YARDAGE DIFFERENCE	SHORTER HITTING CLUB DISTANCE	1/2 YARDAGE DIFFERENCE	DISTANCE NEEDED FOR "IN-BETWEEN" CLUB
CURRENT SHORTER HITTING CLUB	_____	① _____ YDS.	② - ① _____ YDS.	③ _____ YDS.	① _____ YDS.	③ _____ YDS.	_____ YDS.
CURRENT LONGER HITTING CLUB	_____	② _____ YDS.					

SO: ① \_\_\_\_\_ YDS. + ③ \_\_\_\_\_ YDS. = \_\_\_\_\_ YDS.

### Step 3

How to check the proposed "in-between" club for yardage using loft angle and club length.

	CLUB CATEGORY & NUMBER	CLUB LENGTH	CLUB LENGTH DIFF.	MULTIPLIER FACTOR	ADDITIONAL YARDS FROM CLUB LENGTH	LOFT ANGLE	LOFT ANGLE DIFF.	MULTIPLIER FACTOR	ADDITIONAL YARDS FROM LOFT ANGLE
CURRENT SHORTER HITTING CLUB	_____	_____"	_____"	_____	_____ YDS.	_____°	_____°	_____	_____ YDS.
PROPOSED "IN-BETWEEN" CLUB	_____	_____"	_____"	_____	_____ YDS.	_____°	_____°	_____	_____ YDS.

\_\_\_\_\_ YDS. + \_\_\_\_\_ YDS. = \_\_\_\_\_ YDS. DIFFERENCE

The Yardage Distance above is the distance the proposed "in-between" club will hit longer than the current shorter hitting club.
